

CARES Act Student Emergency Aid Application

Student Name:	
Student ID:	
Student Email:	

Through the CARES Act, Dixie Technical College has received funding that can be accessed by certificate seeking, post-secondary students who have been adversely affected by COVID-19. The funds are to be distributed to students for student expenses related to the disruption of campus operations due to coronavirus, such as food, housing, course materials, technology, health care, and child-care. No receipts or other proof of student expenses are required.

Under the rules adopted by Dixie Tech, you may be eligible to receive a distribution of funds. The maximum amount of the award is \$700, although you will most likely receive less depending on the amount of your expenses incurred, the number of students who apply, and other factors. This form must be completed and returned by June 19, 2020 for you to be eligible.

Please select one of the options below:

	I have had \$700 or more of expenses related to the disruption of campus operations due to coronavirus, such as food, housing, course materials, technology, health care, and child-care.
	I have had less than \$700 of expenses related to the disruption of campus operations due to coronavirus, such as food, housing, course materials, technology, health care, and child-care. The amount of such expenses is \$_____.
	I have not had any expenses related to the disruption of campus operations due to coronavirus, such as food, housing, course materials, technology, health care, and child-care, or I decline to receive funding.

If you selected the second option, be sure to fill in the dollar amount.

By signing my name below, I certify that the information I have provided is accurate.
