Dixie Tech provides reasonable accommodations in compliance with Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act (ADA). It is the responsibility of the individual student to seek assistance and to manage their educational program by contacting the ADA Coordinator. Requested accommodations may be delayed until a student has submitted a complete Dixie Technical College Request for Accommodations Application. The College may request reasonable documentation that the individual has an ADA disability and needs a reasonable accommodation. An accommodation cannot be granted until the request has been evaluated by the ADA Coordinator, and a determination has been made whether services can be provided.
